

Arthur G. Schoeck

CEO & President

Arthur G. Schoeck is the founder and CEO of Data Dome, Inc. He is a communications expert and specialist in style-based behavioral strategy. Art received his BA in Psychology from Florida State University and did his post-graduate research in Behavioral Psychology at the University of Florida. More than thirty years experience as a business owner has provided Art with a unique understanding of strategic business issues.

Art recently received Target Training International's prestigious TTI International Trainer of the Year Award. This is the second time he has

received the honor, having been selected from over 7000 national trainers located in 50 countries. In 2010 he was appointed to TTI's prestigious International Faculty. He has also received in two consecutive years the TTI Humanitarian Award for Community Service.

Art has previously been granted the Chairman's Club Sales Excellence Award and is recognized for his dedication to excellence. Both Hewlett-Packard and the BellSouth National Training Centers have praised Art's presentations as among the most popular and valuable they have received.

Art is in demand at locations all over the country, not only for his considerable expertise, but because his seminars are enlightening, constructive, and enjoyable.

A master teacher, Art has taught classes, workshops and seminars at numerous colleges including: DeVry University, Keller Graduate School of Management, Georgia State University, Argosy University, American Inter Continental University, Belmont University, Scarlett Leadership Institute, and Shorter College.

Entertaining and informative, Art's speaking engagements offer practical, effective solutions to such common problems as high turnover, personality conflicts and poor communication. In just the last few years, more than 19,000 executives, managers and employees have given an overwhelmingly positive response to his skill, wit and wisdom.

About Data Dome Inc.

At Data Dome we recognize that your company's most precious assets are your people, and when it comes to people taking a "one size fits all" approach simply won't get you the results you need.
